These next few months offer particularly awesome sightings within the park. The waterholes team with wildlife awaiting the impending rains in anticipation of the abundance that is to come, however for now, the concentration offers abundance only for the predators. Leopard sightings are on the increase and the lions laze around waterholes content with easy pickings.

VILLA *Mushara*

We are pleased to announce that the much respected Lloyd Camp has spent six days training our guides and has shared a wealth of knowledge with them, including topics such as differing ecosystems and much more.

On the culinary front, Penny Scott, ex Fresh and Wild has been training and refreshing our kitchen staff and imparting her culinary expertise.

So it is with the same anticipation with in the animals awaiting the rains, we look forward to your visit.

Best regards from all at the Mushara Collection.
